

Uplands Community Primary School  
Community Acrostic poem-composed by  
the children

Community means being friendly, unique  
and kind to everyone,  
Only a kind community works with lots of  
positive relationships,  
My community makes most people smile,  
Make kindness happen in all communities  
and welcome everyone,  
Use sharing to help with caring and  
friendship to make a group,  
Nobody should be mean in any  
community,  
Inside the world is a massive diverse  
community,  
Take care of our school community,  
You can combine relationship and  
friendships to be a community.
